# 01. About Medtecs

## Corporate Overview

Medtecs International Corporation Limited ("Medtecs") and its subsidiaries (collectively, the "Group") is a leading supplier and distributor of personal protective equipment ("PPE") and provider of hospital logistics services with over 30 years of experience in the manufacturing of PPE and workwear. Founded in 1989, the Group is headquartered in Taipei, Taiwan, and has production sites in the Philippines, Cambodia and Taiwan.

The Group offers a wide range of high-quality PPE, including masks, gloves, coveralls, and other medical consumables, all of which have gone through rigorous quality control procedures and are compliant with international standards and regulatory requirements to guarantee the safety and protection of workers in various settings.

The Group provides expert logistics integration service for medical institutions. We have established collaborative partnerships with over 200 hospitals in Taiwan and the Philippines, providing superior products and logistics support for enhanced workplace safety and efficiency.

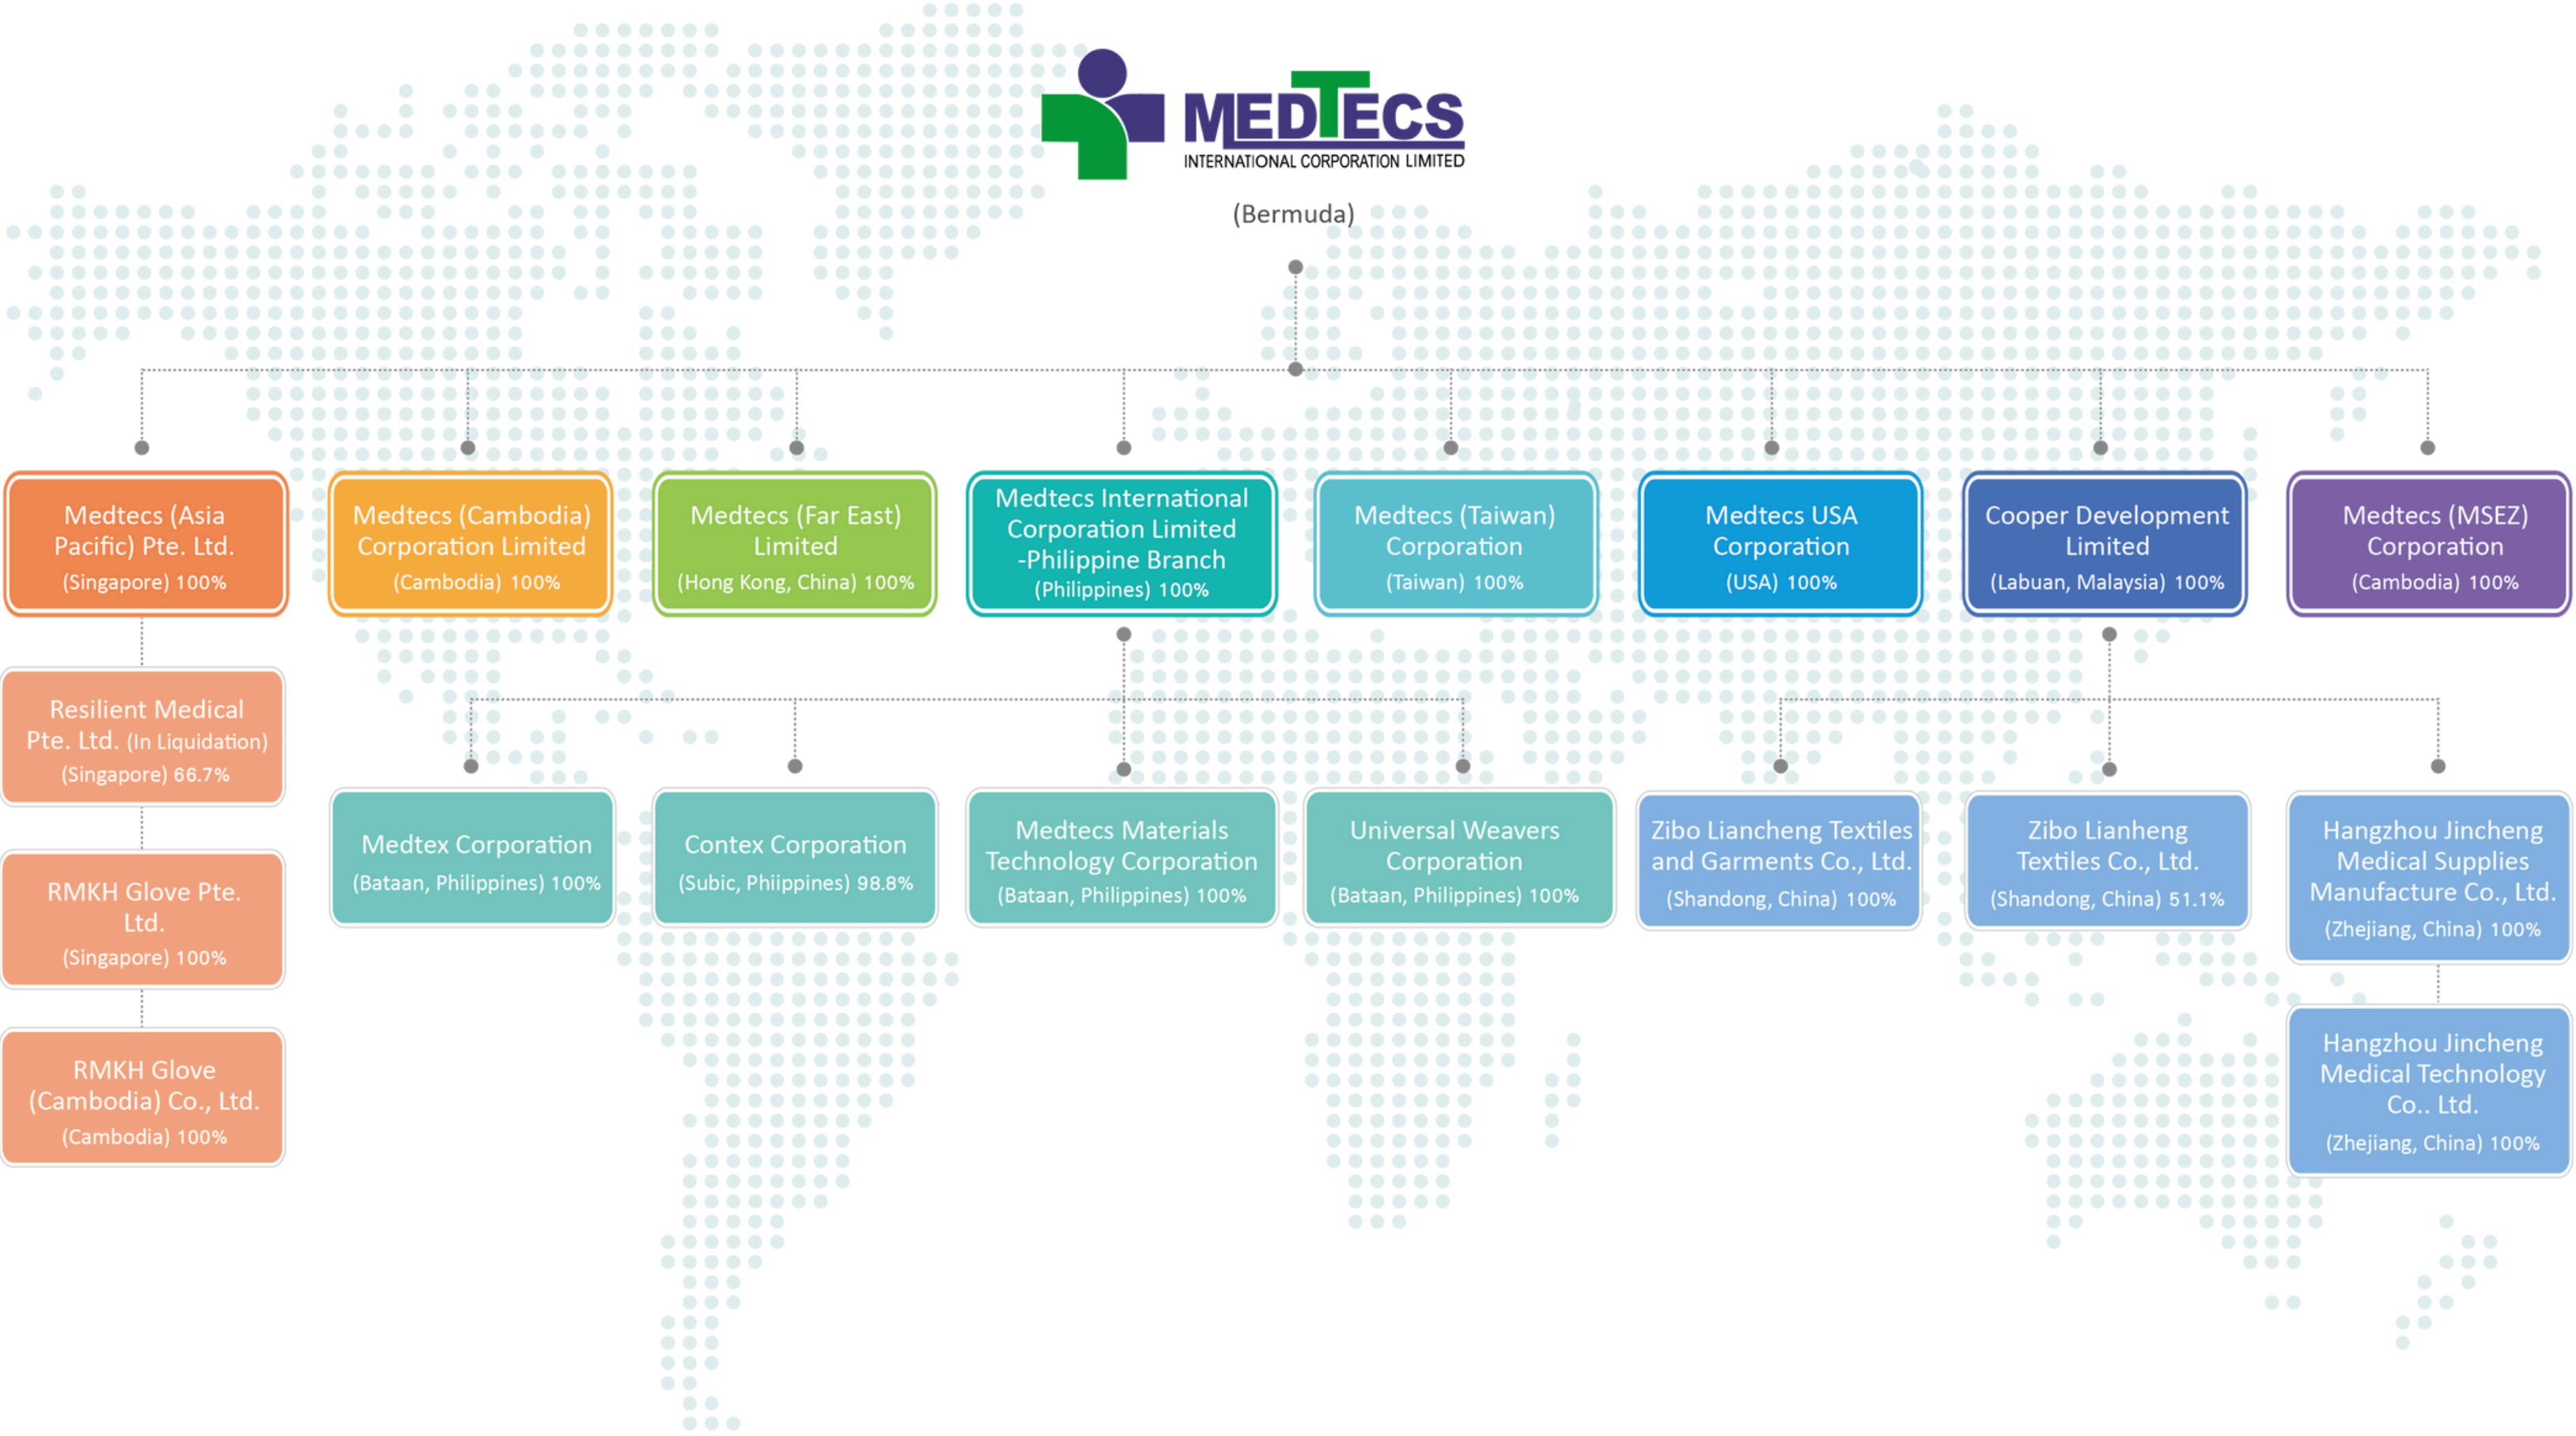

In addition, we are a national PPE stockpiling partner in both Taiwan and Singapore. This ensures the governments and medical institutions have access to PPE inventories and robust supply chain capabilities to respond effectively to emergencies.

Medtecs is dual-listed on the Singapore Stock Exchange (SGX) and the Taiwan Stock Exchange, demonstrating our strong presence and commitment to the financial markets. Our pursuit of innovation, continuous improvement, and customer satisfaction has propelled us to a leadership position in the industry. Guided by our vision "To better the world's health for everyone, everywhere," we strive to make a positive impact on global health.

# Our Vision, Mission & Core Values

Providing safe and effective products with speed, warmth, and care.

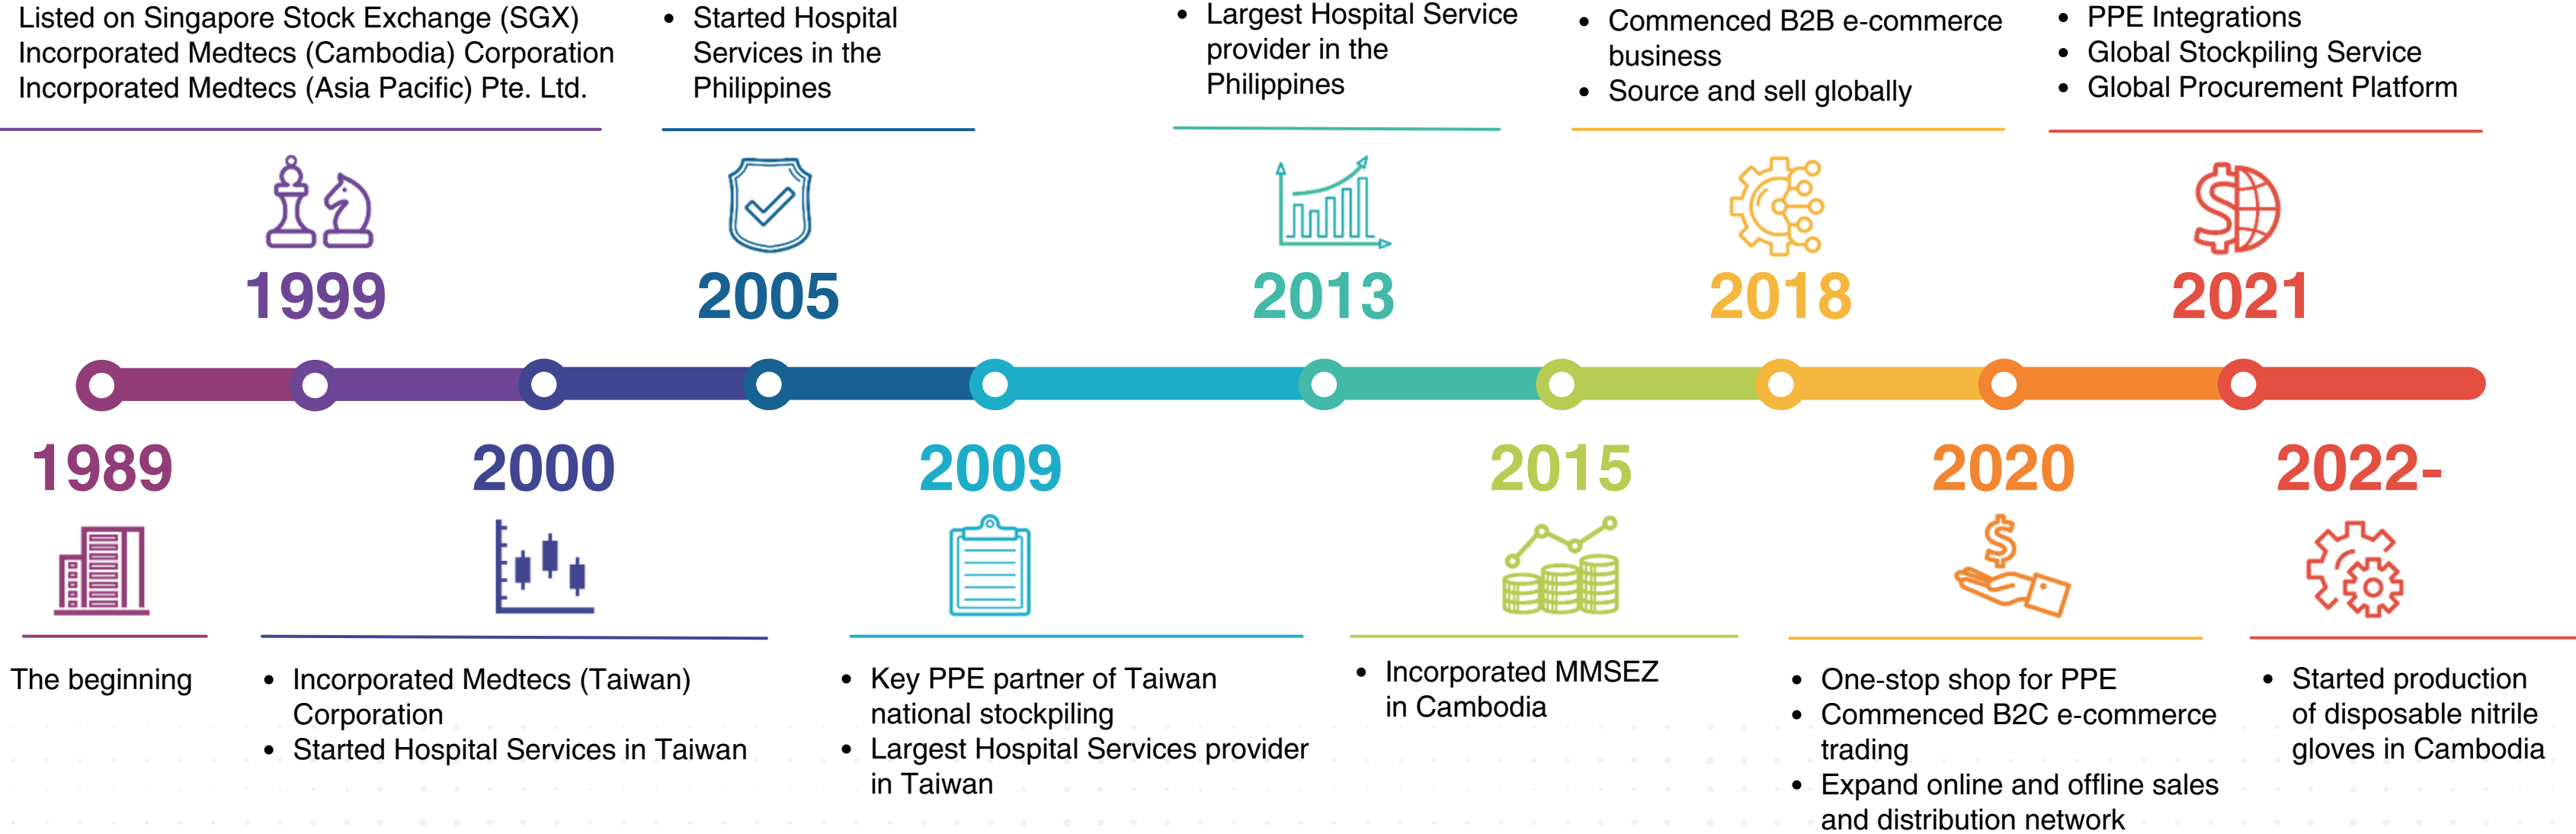

To better the world's health for everyone, everywhere.

Customer focus, valuing our people, sustainable practices

# Corporate Milestones

## 0 2 . Products & Services

# Lines of Business

## Manufacturing

- Exports to Southeast Asia, North Asia, the United States, Australia, and Europe.
- Supplies PPE to global buyers.
- 100+ highly efficient production lines.

## Hospital Services

- Offers 3L services (**L**easing, **L**audry, and **L**ogistics) to 50 medical institutions in Taiwan and the Philippines.
- Provides one-stop medical consumables solution to healthcare facilities.

## Trading and Distribution

- Sale of medical products through omnichannel distribution, encompassing both online platforms and physical stores.
- Key PPE partner of Taiwan and Singapore national stockpiling.
- B2C, B2B, and B2G delivery service via distribution centers in the United States, Taiwan, and Philippines.

# Core Products

## PPE

Experience the unmatched assurance of our superior disposable personal protective equipment (PPE) — a cutting-edge barrier against pathogens and contaminants, designed with precision to dramatically minimize cross-infection risks.

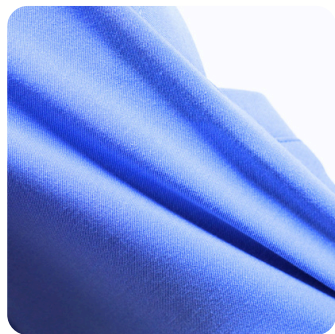

From healthcare facilities to laboratories, our PPE solutions are more than essential — they are an embodiment of safety. With our carefully designed range, you're not just donning equipment, but adopting a proactive stance towards protection.

CORONAVIRUS  
QUARANTINE

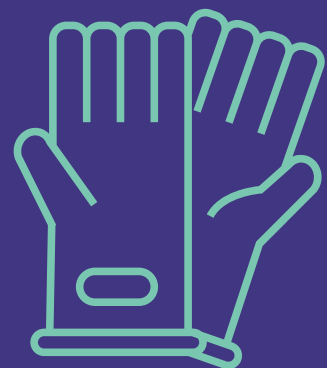

## Workwear

Our workwear is crafted using high-quality materials and expert craftsmanship to ensure durability and comfort. Each garment is meticulously designed and tailored to offer exceptional flexibility, allowing for unrestricted movement while prioritizing safety and comfort. We take pride in delivering workwear that provides the perfect blend of functionality and comfort in their work environments.

# Nitrile Gloves

Medtecs made a significant milestone in Cambodia by introducing the country's first automated glove factory, which began mass production in 2022.

Medtecs Nitrile Gloves are crafted from premium-quality nitrile rubber (NBR), which imparts distinctive properties to the gloves. The inclusion of acrylonitrile enhances their chemical protection capabilities, while butadiene contributes to flexibility and tear resistance. We prioritize safety and reliability by carefully selecting, testing, and controlling the quality of our raw materials.

Our glove factory has obtained international certifications like ISO 9001 and ISO 13485, and 510(k) ensuring product quality and compliance with industry standards.

## 03 . Competitive Strengths

# Competitive Strengths

## Safeguarding Every Tomorrow

Medtecs aims to deliver reliable solutions in personal and home protection through continuous product innovation, development, and production optimization. We are dedicated to meeting ever-changing market demands and creating safer and more hygienic environments for households.

**Strong Governmental and Institutional Partnerships**

**Streamlined Healthcare Logistics and One-Stop PPE Solution**

**Comprehensive and Diverse Product Lines**

**Diversified Production Sites**

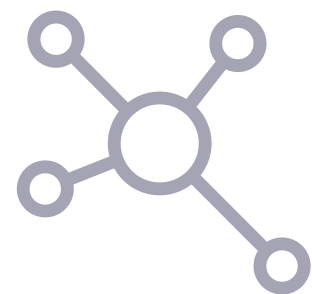

**International Certifications**

**Awards and Accolades**

## Strong Governmental and Institutional Partnerships

Medtecs has forged durable and dependable relationships with leading health authorities in the Philippines and Taiwan, fostering synergistic cooperation and providing us with profound insights into the healthcare ecosystem.

As an integrated provider of hospital logistics, Medtecs is known for delivering end-to-end solutions that streamline supply chain processes, enhance operational efficiency, and reduce costs

Our extensive alliance with over 1000 institutional clients sets us apart, positioning Medtecs as a trusted ally within the healthcare industry.

Furthermore, Medtecs is an engaged participant in pivotal healthcare associations in the Philippines, further bolstering our credibility.

# Streamlined Healthcare Logistics and One-Stop PPE Solution

## 3L Services

- **Linen Leasing:** Medtecs ensures a continuous supply of top-quality, hygienically clean linen on a lease basis, fulfilling hospitals' operational requirements while maintaining strict cleanliness standards.
- **Comprehensive Laundry Services:** Our end-to-end laundry solution efficiently handles the laundering, sanitization, and distribution of linens, liberating hospital resources and assuring a steady supply.
- **Robust Logistics Support:** Medtecs's seamless logistics support streamlines the transportation and distribution of linens and medical supplies, bolstering hospital operational efficiency.

## One-Stop PPE Solution

- **Supply of PPE, Medical Supplies & Consumables:** Medtecs serves as a total solution provider of an extensive array of Personal Protective Equipment (PPE), medical supplies, and consumables, ensuring hospitals' access to critical patient care items.
- **Integrated Services for Hospitals:** Hospitals already benefiting from our 3L services also use our extensive supply capabilities for a more seamless procurement process.
- **Proven Track Record in Philippines and Taiwan:** Medtecs has a strong footprint and a proven record of supplying our products and services to over 50 hospitals in both the Philippines and Taiwan.

## Top Government Clients

## Comprehensive and Diverse Product Lines

As a total solution provider, we prioritize healthcare safety with high-quality protective products. Our products include medical masks, surgical-grade and medical-grade isolation gowns and coveralls, gloves, and surgical accessories like shoe covers, bouffant caps, and surgical caps. Rigorous quality control ensures our medical masks offer exceptional filtration efficiency and comfort, meeting users' protection needs.

In addition to the healthcare industry, the Group has diversified into household protection and disinfection products, catering to everyday needs. We consistently innovate and develop new products to meet the modern household's demands for protection and hygiene. We offer face masks, disinfection products, and hydrocolloid dressing, providing comprehensive protection solutions for the health and safety of family members.

Whether in healthcare or homes, we are your trusted partner in protection.

### PPE

- Medical Masks
- Isolation Gowns
- Coveralls
- Gloves
- CoverU Jackets
- Surgical accessories

### Disinfectants

- Aerosol Spray Bottle
- 75% Rubbing Alcohol

## 04 . Our ESG Efforts

# Our ESG Efforts

Guided by our vision to "better the world's health for everyone, everywhere," Medtecs consistently extends its reach beyond business by donating PPE and medical supplies worldwide. We also place a strong emphasis on ESG (Environmental, Social, and Governance) initiatives as part of our broader commitment to sustainable practices.

Understanding the integral role ESG values play in our business, we fulfill our sustainability commitments with vigour. This includes actively organizing educational activities such as lectures, training sessions, and events to heighten our employees' understanding and engagement with ESG issues.
